The Class of 2023

This special edition of BConnection is dedicated to the Class of 2023. Congratulations, seniors, you did it! Your diplomas show off your hard work as you move into the future. Graduating from BCHS is a great achievement for which you should feel proud. Quite a few of you earned this diploma while participating in extracurricular activities, working part-time jobs, having family obligations, and volunteering for worthy causes in the community.

Many of you plan to pursue higher education, some graduates will jump right into the workforce, and a handful of brave men and women will join the military. Wherever you are going, I want you to know that Byron Center will always be a place you can call home. The Byron Center Public Schools community, which has nurtured and challenged you, is cheering for you as you journey forward. Before you take the next step, I hope you will take a few minutes to reflect on those people who helped you get to where you are today--maybe it's a teacher or staff member, a friend, or even a family member. No one achieves success on their own, and though none of these people would ask for recognition, I'm sure they would appreciate knowing they are a part of your success.

I wish you all the best and look forward to seeing what your future holds!

Kevin Macina, Ph.D.
Superintendent of Schools

“Class of 2023....WOW! When you were at Nickels 6-7 years ago, 2023 seemed like the very distant future. It is now here, and hard to believe how quickly that time has passed. Although time moves forward at the same speed throughout your life, you'll find that it seems to move faster as you get older. Be intentional about taking the time to appreciate the important things while balancing hard work with play. Congratulations, Class of 2023...we are proud of you!”
